Where can I camp?
Licensed camping grounds provide full service facilities for campers. An overnight stay is from one hour before dusk and one hour after dawn. If there is no room at the sites, campers must stay at a licensed campground.

You may not camp at Taiaroa Head/Pukekura (including Pilots Beach) or in any of Dunedin’s Cemeteries. You may be fined for illegal camping.

Self-contained campervans (compliant with NZS5465:2001)
These can stay on public land and in DCC car parks for up to two consecutive nights at one site, as long as:
• There are no more than three campervans within a 50m radius
• They are legally parked (no parking on grass)

Non self-contained vehicles
Up to five vehicles can stay overnight in designated spaces at:
• Macandrew Bay
• Ocean View
• Warrington Reserve

Tents
Tents can be pitched for one overnight stay at Warrington Reserve, up to a maximum of 37 people (including non self-contained vehicles).

Restricted sites
Camping of any sort (including self-contained vehicles) is only available by permit at scenic reserves. Please contact the DCC to discuss a permit.
